

# INSTRUCTIONS

FOR KIDSART STUDENTS AGES 4 TO 8

## ONE

### Online EDMODO Parent Page

Edmodo.com is like Facebook. All the KidsART parents have a group page with the teacher, Carrie, hosting, where you can discuss and ask questions.

**WEBSITE:**

<https://edmodo.com>

**APP:**

EDMODO app - Apple or Android

**Don't Register!** You should download the app and/or bookmark the page though.

***Carrie will send you an invitation to join your parent page:***

You'll get an email (to your primary Firstlight contact) with a clickable link to join the edmodo KidsART Parents page.

You'll be asked to create your own edmodo **password** and then login with your email and new password (save your login information!)

**TAP INTO YOUR CLASS:**

Desktop: your class name is to the left under, "my classes".

App: There's a "classes" button at the bottom of the screen.

*Keep the group safe. Don't share the link or your password.*

## TWO

### Our Online Lesson Plans

You have been registered for a free account at our curriculum site, The Art Instructor.

Every lesson we've made - for Foundations, Creations, and KidsART for 6 & 7 year olds - is online in a step-by-step outline. (Toons curriculum is not online).

All our resources such as worksheets, video demos, Pinterest links, and reference photos for each lesson are right there on the same page, and can be viewed or printed at any time.

**WEBSITE:**

<https://theartinstructor.com>

***You will get an email with login information:***

Look for an email titled, "Welcome to The Art Instructor".

View and copy or write down your login info. Click the login link and login on your browser. You'll be brought to the RECENT LESSONS page, (you can ignore the rest of the site - or explore the articles and posts).

Click the **See All Lessons** buttons to see every lesson we have. **View our walkthrough video on the lower right sidebar.**

*Please keep the lessons safe. Don't share your password.*

## THREE

### Looking Forward...

While we don't know how long the shutdown of schools and events will last, we want to be available during this time.

The two resources at left: **Edmodo Parent Page** and the **Online Lesson Plans**, can be used to connect with other parents, as well as give your child fun activities to do.

You can search around and get ideas for art projects all through our curriculum. If you're used to homeschooling, it should be familiar.

But even if you're new to it, it's still very easy. We've made it clear how to go from step to step, and all the resources you need, including supply lists, are right there at every step. We designed it so you don't even have to **be** an artist to help children with art projects!

If you have questions or need help, you can also call or text Dennas at his cell:

615-202-6426

**The new class times and free passes will be scheduled and assigned when we're closer to returning to normal practices.**
